

Telemedicine Clerkship Experience – Student Survey

Start of Block: Default Question Block

Q1 What did you enjoy about the telemedicine clerkship experience?

Q2 What would you change about the telemedicine clerkship experience?

Q3 During this clerkship I feel like I made a difference during the COVID-19 pandemic

- Strongly disagree (1)
 - Somewhat disagree (3)
 - Neither agree nor disagree (4)
 - Somewhat agree (5)
 - Strongly agree (7)
-

Q4 I feel confident in remotely assessing for signs and symptoms of COVID-19

- Strongly disagree (1)
 - Somewhat disagree (3)
 - Neither agree nor disagree (4)
 - Somewhat agree (5)
 - Strongly agree (7)
-

Q5 I feel confident in providing guidance and answering common questions regarding Covid-19

- Strongly disagree (1)
 - Somewhat disagree (3)
 - Neither agree nor disagree (4)
 - Somewhat agree (5)
 - Strongly agree (6)
-

Q6 I would recommend using telemedicine encounters as a component of clinical rotations in the future (after COVID-19 pandemic precautions are lifted).

- Strongly disagree (1)
 - Somewhat disagree (3)
 - Neither agree nor disagree (4)
 - Somewhat agree (5)
 - Strongly agree (7)
-

Q7 I feel this experience with telehealth enhanced the development of clinical skills I will use in the future

- Strongly disagree (1)
 - Somewhat disagree (3)
 - Neither agree nor disagree (4)
 - Somewhat agree (5)
 - Strongly agree (7)
-

Q8 The script writing assignment helped prepare me to have telemedicine encounters with patients.

- Strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q9 I conducted telemedicine encounters via:

- Telephone calls (1)
 - Video chat (2)
 - Combination of telephone and video chat (3)
-

Q10

The Family Medicine Clerkship Experience met the following learning objective:

I gathered information, formulated differential diagnoses, and proposed plans for the initial evaluation and management of patients with common presentations

- Strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q11 The Family Medicine Clerkship Experience met the following learning objective:

I managed follow-up visits with patients having one or more common chronic diseases

- Strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q12 The Family Medicine Clerkship Experience met the following learning objective:

I had the opportunity to demonstrate competency in advanced elicitation of history, communication, and clinical reasoning skills.

- Strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q13 The Family Medicine Clerkship Experience met the following learning objective:

I was able to integrate socioeconomic, cultural and environmental factors into patient care.

- Strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q14 The Family Medicine Clerkship Experience met the following learning objective:

I was able to recognize symptoms, signs and differential diagnoses of common acute and chronic illnesses as they present in primary care

- Strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q15 The Family Medicine Clerkship Experience met the following learning objective:

I developed evidence-based diagnostic and management plans for common acute and chronic illnesses.

- strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q16 The Family Medicine Clerkship Experience met the following learning objective:

I developed evidence-based health promotion and disease prevention plans for patients

- strongly disagree (1)
 - somewhat disagree (2)
 - neither agree nor disagree (3)
 - somewhat agree (4)
 - strongly agree (5)
-

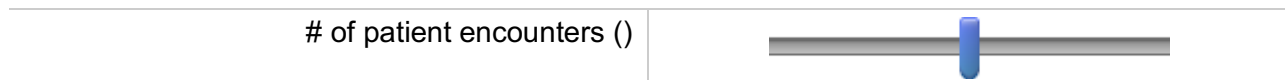

Q17 The Family Medicine Clerkship Experience met the following learning objective:

I integrated population factors of heritage, environment and disease prevalence into patient care.

- strongly disagree (1)
 - Somewhat disagree (2)
 - Neither agree nor disagree (3)
 - Somewhat agree (4)
 - Strongly agree (5)
-

Q18 Approximately how many patients were you able to contact over the last 4 weeks?

0 10 20 30 40 50 60 70 80 90 100

Q19 How many patients do you think we should require clerkship students to contact in the future?

0 10 20 30 40 50 60 70 80 90 100

of patient encounters ()
