

How Was Your Day?

Amy Wiser, MD

(Fam Med. 2021;53(2):148)

doi: 10.22454/FamMed.2021.142191

Dementia
Miscarriage, literally before my eyes
Suicidal ideation
Prior auth letter successfully appealed
Interpreter services
Hypokalemia without clear etiology
Insulin management
Well child check

Who says family medicine is runny noses?
Back at it...

Medicare wellness
Anxiety—imposter syndrome (wait, no, this one is my own)
Hypertension
Pregnancy and breastfeeding promotion
IUD placement
Neuropathy
Transgender care
Intellectual disability with housing insecurity
STD screening

Charts closed.
Still work to be done.

Welcome to my family medicine!
