

Appendix C:

Faculty Satisfaction Survey

You are receiving this survey because you consented to a study about using generative AI while helping residents complete individualized learning plans (ILPs).

Thank you for your time and energy, using generative AI to help residents set goals in their ILPs this year. Please answer the following questions about your experiences using generative AI while providing that assistance to create SMARTIE goals for ILPs.

- 1) In what ways do you think using generative AI was useful for helping residents create SMARTIE goals for their ILPs?
- 2) In what ways do you think that using generative AI was NOT useful for helping residents create SMARTIE goals for their ILPs?
- 3) What challenges (if any) did you experience using generative AI for helping residents create SMARTIE goals for their ILPs?
- 4) How did using generative AI change your process for helping residents create SMARTIE goals for their ILPs?
- 5) How do you plan to use generative AI with your residents in the future (if at all)?
