Three little girls
play, dance, laugh
under the palms of the sticky Florida summer
Their father's voice echoes across the park
No running! We don't have insurance!
Suddenly, they are
standing still, silent
Inside, I scream for a world where families can play
together
But I only keep walking, straining to hear
girls laughing again

ACKNOWLEDGMENTS: This poem won first place in the "Other" category at the 2021 STFM annual poetry and prose contest.
