* DR. Bill's global health deethition:

"The act of working to appress health care inequities at nome and around THEWORLD"

ONE IMPORTANT THING I'VE LEARNED

ABOUT DOING GLOBAL HEALTH OVER the years

IS THIS:

The BEST thing U.S. Health care professional
CAN DO TO IMPROVE GLOBAL HEALTH

ISTO FIX OUR SYSTEM OF

WERET GORS

Whether we care to admit it, or NOT, the US often pushes iDERS for what is "best" on countries around the world - currently that means a medical-industrial, sub-specialty focused, Fragmented system of medicine that is neither affordable MOB particularly effective.

AS well, countries around the world often look to the US for TECHNICOL, financial and Institutional guidance, which, Unfortunately, commonly promotes Models of Education, Research and practice that are ignorant of Local context, history and Clinical NEEDS.

IN WE ALL GAN DO BETTER IP

WHAT'S MY PRESCRIPTION?

R# 1 PROMOTE PRIMARY CARE!

RIGHT WERE, RIGHT WOW

RC# 3 Become an ADVOCATE FOR UNIVERSAL HEALTH CARE in the USA

FOR GLOBAL HEALTH TO SUCCEED IT CAN'T BE JUST ABOUT THEM IT MUST ALSO BE ABOUT YOUR WHEREVER YOU ARE WORKING

Think AGT

LOCAL

GLOBAL
