

Family Medicine

THE OFFICIAL JOURNAL OF THE SOCIETY OF TEACHERS OF FAMILY MEDICINE

Supplemental Material. Asclepius Medical Camp for Youth 2022 Schedule

A lunch hour was provided midway between each day's activities, generating a seven-hour daily schedule. There is no cost for participants to attend. Students receive free public transportation passes and lunches. Volunteers advertise for the camp via the Asclepius social media outlets (@asclepius.mcfy) and engage in outreach to high schools and local youth organizations that work directly with the camp's target populations. The application asks interested participants to describe their demographic background and their interest in attending Asclepius.
